

Social & Sustainable Procurement

Drive positive change through your procurement

ArcBlue is at the forefront of the growing field of Social & Sustainable Procurement. We are thought leaders and expert practitioners in this space and have significant experience supporting organisations with a wide range of projects.

We leverage our globally leading consulting, training & analytics practices and our expert team into our Social & Sustainable Procurement services to support our clients across all layers of government and the private sector.

ArcBlue offers a deep knowledge of concepts, practical experience and adaptable resources to help you design, develop and implement effective solutions to drive positive impact through your procurement.

Why ArcBlue for Social and Sustainable Procurement?

- We are leaders in Social & Sustainable Procurement across the Asia Pacific region
- We have a highly specialised team with experts in economic development, social procurement, Indigenous business, inclusive employment and workforce planning
- Our Social & Sustainable procurement services can be integrated with our analytics, training and consulting services
- We leverage our experience working within social procurement in major projects across multiple industries
- We have strong partnerships in place with relevant organisations and leverage these to benefit our clients' outcomes

OUR SERVICES

Strategy, Frameworks & Policy

Identify opportunities and focus your organisation's social and sustainable procurement roadmap

Legislation, Modern Slavery & ISO 20400

Assess your organisation's compliance within the emerging legislative and ISO landscape

Education

Uplift your team's capability, knowledge, skills and their ability to deliver social and sustainable outcomes

Change & Implementation

Mobilise and embed social & sustainable procurement with hands-on help and guidance from trusted subject matter experts

Major Projects Advice

Maximise the social, environmental and economic impact of your project including planning and RFX design and documentation

Tendering & Bid Advice

Advice for tendering for social or Indigenous evaluation criteria, or bidding on economic and workforce development requirements

Supply Chain Engagement & Development

Support, advice and facilitation to help you engage with and develop your supply chain including SME's, social or indigenous suppliers

Impact Measurement & Reporting

Create meaningful models to set targets, track progress and report on your social and sustainable procurement activities

Place-based Programs

Design and delivery of place-based partnership programs, using ArcBlue's expertise to drive local economic development and address disadvantage through local and social procurement and inclusive employment.

OUR EXPERTISE

ArcBlue draws on specialist multi-disciplinary expertise to inform our Social & Sustainable Procurement service offering

ArcBlue has supported over 150 organisations to drive positive impact through our procurement.

Some key examples include:

- **New Zealand Transport Agency** – Design & development of a multi-agency Social Procurement Framework
