

Leading Practice Procurement Program

Empowering Local Government Procurement

A large part of a Council's customer service delivery is performed by suppliers. Councils are now recognising the importance of a structured approach to procurement capability development.

The LEAP Program is designed to **provide a structured approach to embedding key leading practice elements** across all aspects of organisational procurement. Leading practice procurement enables Councils to demonstrate **value-for-money** to their ratepayers through their procurement activities.

The LEAP Program is a practical, **outcomes-focused program** that uses regular **spend analysis** to inform **tailored development plans** with the provision of **procurement specialist support**. The program provides the opportunity for participants to analyse individual Council, Regional and State wide spend, capability and practices data to identify opportunities for greater collaboration, efficiency, support to local economies and enhanced value and probity management outcomes through Procurement.

LEAP has been transforming Australian local government now for over 3 years, and to best serve our communities, we have broadened our LEAP offering to include 3 modular programs.

 <p>LEAP Basic is a procurement improvement and enabling program</p>	 <p>LEAP Spend is a structured and prioritised opportunity analysis program focus on delivering savings and efficiencies</p>	 <p>LEAP Social is a social and economic impact program that brings leading practice social procurement organisations together</p>
--	--	--

Our LEAP Programs can be utilized as standalone programs, or bundled together for better value & impact.

<p>Deliver social outcomes to your community</p> 	<p>Visualise spend and benchmarking and track progress</p> 	<p>Uncover opportunities for savings, social & economic impact and collaboration</p> 
<p>Measure savings, economic and social impact</p> 	<p>Access leading practice expertise, support, tools and templates</p> 	<p>Enhance process efficiencies, reporting, compliance and probity</p> 

LEAP is a tried & tested great value procurement development program, specifically designed for local government with significant proven benefits to Council.

Our LEAP Program modules can be utilised as standalone programs, or bundled together for better value & impact. Standalone subscription pricing & inclusions:
